

SERVICE REPAIR KITS

THE SOLUTION.

BUILT FOR IT.™

Wheeler

NO ONE EQUALS OUR GLOBAL FOOTPRINT:

200,000 PEOPLE, 180 COUNTRIES, 6 CONTINENTS.

- ✓ 24/7 support from the extensive Cat® dealer network
- ✓ Dedicated and highly trained paving specialists
- ✓ One-stop equipment, parts, service and rental
- ✓ Flexible financial incentives

Discover a world of service and value at your local Cat dealer.

When you are ready to replace high wear parts and schedule off-season repairs, we can deliver a **parts solution** with carefully designed service repair kits.

These kits include all of the parts necessary to complete specific repairs to simplify the parts ordering process and ensure no parts are missing.

GENUINE PARTS

- ✓ Manufactured to precise specifications
- ✓ Designed for optimum performance
- ✓ Maximize uptime
- ✓ Expert dealer consultation

We offer eight wear part repair kits to support asphalt pavers and six kits for screed wear part repairs.

These kits are identified by a single part number to make ordering easy. Select kits are available to be packaged as a kit by the dealer for over-the-counter purchases or through the dealer service shop.

For more information on service repair kits, or for expert advice on completing a machine service repair, contact your local Cat dealer.

PAVER KITS

AUGER SEGMENTS KIT

Contains a complete set of auger segments (half and quarter segments) and all of the hardware necessary to attach the segments to the auger shaft. This kit does not include the bearings (please refer to the Auger Bearings kit) or the shaft.

Actual segment configuration may vary by machine model.

E-SERIES

F-SERIES

AUGER BEARINGS KIT

Contains the outside and inside auger bearings as well as all of the necessary hardware.

Proactively maintain the auger bearings to avoid premature bearing failure.

E-SERIES

F-SERIES

PAVER KITS

E-SERIES

AUGER ASSEMBLY KIT

Contains all of the parts necessary (segments, bearings, hardware, center deflector, chain case guard, and shaft) to do a complete auger service repair.

Choose the kit based on the paver sales model. Actual segment configuration may vary by machine model.

F-SERIES

E-SERIES

FEEDER BED PLATE KIT

Contains plates and all necessary hardware for installation.

This kit does not include the chain guards, please see the Feeder Chain Guard kit.

F-SERIES

PAVER KITS

FEEDER CHAIN KIT

Includes a **fully assembled** feeder chain set (right and left side).

Proactively maintain the feeder chain to avoid unplanned and costly downtime.

E-SERIES

F-SERIES

FEEDER CHAIN GUARD KIT

Includes plates and hardware for installation.

This kit does not include the bed plates, please refer to the Feeder Bed Plate kit.

E-SERIES

F-SERIES

PAVER KITS

E-SERIES

FEEDER FOOT SHAFT REBUILD KIT

Includes foot shaft assembly and bearings necessary for repair.

F-SERIES

E-SERIES

FEEDER HEAD SHAFT REBUILD KIT

Includes head shaft assembly and bearings necessary for repair.

F-SERIES

SCREED KITS

SCREED PLATE KIT*

Contains the plates and all of the hardware for a basic screed plate repair.

The screed plates are one of the highest wear components. Proactively check and replace the screed plates to ensure optimum distribution of material.

This kit does not include the heating element. Please refer to the Screed Heating Element kit.

E-SERIES

F-SERIES

SCREED SERVICE KIT*

Contains screed plates, hardware, tamper blades, tamper wear plates, pins, bolts, nuts and washers for a complete screed repair.

This kit does not include the heating element. Please refer to the Screed Heating Element kit and the Tamper Bar Heating Element kit.

E-SERIES

F-SERIES

* Screed Plate Kits and Screed Service Kits may be customized to include Extended Wear Screed Plates for customers in high wear applications. This is an ideal solution for regions with very hard aggregate. The Extended Wear Screed Plates must be ordered separately, for more information and specific part numbers, contact your Cat dealer.

SCREED KITS

E-SERIES

TAMPER BAR KIT

Contains the tamper blades, wear plates, pins, bolts, nuts and washers for a basic tamper bar repair.

This kit does not include the heating element. Please refer to the Tamper Bar Heating Element kit.

F-SERIES

E-SERIES

TAMPER BAR HEATING ELEMENT KIT

For electric heated screeds with tamper bar. This kit contains the heating element that is bolted to the tamper bar.

This kit does not include the heating element for the screed plate. Please refer to the Screed Heating Element kit.

This kit does not include the tamper bar. Please refer to the Tamper Bar kit.

NOTE: Apply thermal compound (P/N 5P8937) under **every** heat sensor and heating element during installation; **the compound is not included in this kit and must be ordered separately.**

NOTE: F-Series kit does not require thermal compound.

F-SERIES

SCREED KITS

SCREED HEATING ELEMENT KIT

For electric heated screeds only.
Contains the heating element that is bolted onto the screed plate.

NOTE: Apply thermal compound (P/N 5P8937) under **every** heat sensor and heating element during installation; **the compound is not included in this kit and must be ordered separately.**

NOTE: F-Series kit does not require thermal compound.

E-SERIES

F-SERIES

DEFLECTOR KIT

Contains plates and all of the necessary hardware to complete the repair.

SERVICE REPAIR KITS

THE SOLUTION.

When you are ready to replace high wear parts and schedule off-season repairs, we can deliver a **parts solution** with carefully designed service repair kits.
